More About ECO. Body Oils

At ECO. we know that our lives are ever-changing. We live in a fast-paced world filled with plenty of challenges. Looking and feeling good is important to us. What's more, we know that natural is best and we want to take advantage of this in every aspect of our life.

Specifically created to treat and care for the body, ECO. has created a range of effective, natural and indulgent body oils to give you your best skin possible. Only the finest quality ingredients are used in our blends, to provide amazing products that you will keep coming back for.

Argan Body Oil

A rich and luxurious oil that can be used all over the body, for intense hydration. Pomegranate seed oil, vitamin E, grapefruit peel and ginger root combine with argan oil to enhance skin elasticity, improve circulation and hydrate deeply. This lovely body oil leaves skin with a healthy glow.

Prenatal Body Oil

Combines a rich blend of nut oils to nourish dry skin, and tangerine oil to rejuvenate and reduce stretch marks. The addition of geranium helps to calm and soothe tired muscles associated with the many changes in the body that pregnancy can bring.

Erase Body Oil

This hardworking oil is sure to become a vital step in your daily body routine, thanks to its ability to improve the appearance of stretch marks, scars and blemishes. This hydrating oil leaves skin soft, smooth and youthful-looking, with a nourishing formula that protects skin as it treats it.
